**UrbanByNature**

The Global Programme for Urban Nature Pioneers

**Event:** Webinar #5 Green City Action Plans as strategies for urban resilience

**Date:** Friday, 05 February 2021

**Time:** 13:00 CET (16:00 AMT, AZT, GET)

#### WEBINAR REGISTRATION

Dear urban pioneers – and all of you interested in **UrbanByNature**,

Many thanks for joining us in four webinars! We are thrilled to continue the UrbanByNature Caucasus Stream and introduce the next webinar in our series on Nature-Based Solutions (NBS).

In this webinar, we continue with [STEP4/COMMIT & PLAN](#) of the UrbanByNature program. The participants are introduced by [ICLEI European Secretariat](#) into the methodology of Green City Action Plans (GCAP) as strategic planning and investment methodology employed by [EBRD](#) for [Green Cities](#) and the potential role of nature-based solutions in building urban resilience through this framework. Further, the Participants will hear on GCAP experiences from three cities in two Caucasian countries: Yerevan and Gyumri

(Armenia), including the resilience initiatives in Tbilisi (Georgia).

Participants will also have the opportunity to explore common questions with the speakers and share their experiences.

The speakers for Webinar #5 are:

**ICLEI**, European Secretariat, Freiburg, Germany

**Astghine Pasoyan**, American University of Armenia

**Ana Ardelean**, Chief Resilience Officer, Tbilisi City Hall, Georgia

The webinar will be moderated by **Mamuka Gvilava**, GIS Sand RS Consulting Center GeoGraphic, Tbilisi, Georgia and **Shushanik Asmaryan**, Center for Ecological-Noosphere Studies (CENS) of National Academy of Sciences, Yerevan, Armenia

The [agenda](#) of this webinar is available on UrbanByNature [Caucasus](#) Stream at the Connecting Nature [website](#).
