On April 5-29, 2021 in the framework of the EU Erasmus+ PRINTeL project, it is planned to conduct the other certified in-house Teacher Training (TT) courses on innovative methods of teaching and learning at Georgian Technical University in order to offer additional professional development opportunities for GTU academic staff.

The aim of the TT courses is to increase the quality of academic teaching and learning in the university; to provide professional development opportunities for academic staff and teachers; to increase the capacity of the academic personnel through development of their technology-based teaching and learning skills as well as to improve learning outcomes.

Due to the Pandemic (COVID-19), in-house TT trainings will be conducted online, via the Zoom platform. Those willing to take part in the training will be able to choose the desired course. The courses are free of charge for the group of teachers consisting of 10-20 people and will be conducted in Georgian language. Knowledge of English language (B2 level) and base knowledge of Ms Office programs are strongly required. The participants of the training must have a smartphone/laptop during the online TT course.

After the successful completion of the training, participants will be awarded with relevant Certificates.

The TT training courses within project PRINTeL at GTU will be held in partnership with GTU Innovations Center.

Online registration deadline is 03.04.21.

The schedule of online TT trainings:

- Online active teaching & learning: experiences with technology

Trainer: Assoc. Prof. Nikoloz Abzianidze (Faculty of Power Engineering and Telecommunication)

- 5/Apr/2021 14:00 (PM)
- 9/Apr/2021 14:00 (PM)
- 13/Apr/2021 14:00 (PM)

It should be noted that the project PRINTeL “Change in Classroom: Promoting Innovative Teaching & Learning to Enhance Student Learning Experience in Eastern Partnership Countries” (No 585760-EPP-1-2017-1-AM-EPPKA2-CBHE-JP) aims to support innovative teaching and learning in the universities of Eastern Partnership countries.

Herewith, one of the objectives of the project is to create an e-learning portal (platform) with the participation of consortium member countries that will help universities to develop different models and forms of innovative teaching and learning.

Interested applicants wishing to be actively involved in the project can contact GTU International Relations and Standards Office, an Institutional Coordinator of the PRINTeL Project at Georgian Technical University.

For further information on the Project PRINTeL visit the [official website of the Project PRINTeL](#) and the website of [GTU International Relations and Standards Office](#).
