CALL FOR ABSTRACTS

Dear Colleagues!

We invite you to the Scientific Conference “**CONSERVATION OF ARCHITECTURAL HERITAGE AND CHALLENGES OF ITS PRESERVATION AND MANAGEMENT**” to be held online on **15th December 2020**. The conference is dedicated to the study of the current stage of development of large historical cities, the creation of an optimal mechanism for the protection of existing architectural heritage and the control of new construction. The purpose of the conference is to bring together many experts in the field to exchange knowledge and discuss the potential for preservation of architectural heritage in boosting innovation in such areas as tourism and economic development, recent research and various technological developments and methodologies, as well as the management and use of architectural heritage.

The conference is co-organized by the Azerbaijan University of Architecture and Construction and the AMEA Institute of Architecture and Art.

CONFERENCE TOPICS

I. Problems of Research of Historical Architectural Heritage in Modern Conditions

- Current experience in restoration and conservation of architectural and urban complexes
- Issues of adaptation and use of architectural monuments
- New technologies and methods in the protection of historical monuments

II. Importance of Architectural Heritage Conservation

- The impact of architectural conservation on tourism development and urban protection
- Socio-economic impact and environmental benefits of architectural heritage protection

III. Architectural Heritage Management

- Development of management plans for city master plans and complexes
- Legal issues of monument management
- Inclusion of architectural heritage monuments in tourist routes
