

EEngineering Institute of Membrane Technologies

Scientific Report

2014B

*** Scientific-Research Works Planned and Implemented in 2014 Funded by the State Budget of Georgia**

#	Planned and Implemented work with the indication of scientific field and direction	Work Supervisor	Work Performers
1	<p>Theoretical and experimental research of molecular and ionic systems of natural waters, their ecological and complex classification.</p> <p>Engineering sciences – nano and membrane technologies</p>	G. Bibileishvili	Department of membrane process research – K. Domianidze
	Planned and Implemented work with the indication of scientific field and direction	Work Supervisor	Work Performers
2	<p>Creation and introduction of membrane technique and technology nanosystem for obtaining high quality drinking water for the "K-2" hotel, Borjomi-Bakuriani resort area.</p> <p>Engineering sciences – nano and</p>	G. Bibileishvili	<p>Department of membrane technology and processing of technique</p> <p>Head – E. Kakabadze</p>
