

Institute of Hydrogeology and Engineering Geology

Scientific report

2014

**Planned and performed scientific-research works
funded by the state budget of Georgia by 2014**

#	The name of the work prescribed and performed by the plan indicating scientific field and scientific direction	Work Supervisor	Work Performers
1	<p>Study of the modern engineering and geological conditions of the Batumi-Gonio district coastal zone of the Chorokhi and Adjaristskali hydro-energy objects design.</p> <p>Scientific field: Geology, Scientific Direction: Sea Engineering Geology</p>	Acad.Doct T.Iashvili	<p>Acad.Doct G. Iashvili</p> <p>Scient. Doct T.Dzadzamia</p> <p>Master R. Chikhradze</p>
#	Title of the work	Work Supervisor	Work Performers
2	<p>Research on aggressiveness of the Enguri gorge waters on the development of suffosion processes in hydroelectric constructions</p> <p>Scientific field:</p>	Prof: Berdi Zautashvili	<p>Acad.Doct B. Mkheidze</p> <p>Acad. Doct N. Zautashvili</p> <p>Acad. Doct L. Glonti</p> <p>Master I. Nanadze</p>

	Geology, Scientific direction Hydrogeology		
#	Title of the work	Work Supervisor	Work Performers
3	Development of Biochemical Method of Manganese from Jurassic Clay Shale Scientific field: geology Scientific Direction: Engineering Geoecology	Geo-Miner. Scient.Doct. L. Tsertsvadze	AAcad. Doct. D. Chutkerashvili AAcad. Doct. Sh. Petriashvili Master M. Kopadze
#	Title of the work	Work Supervisor	Work Performers
4	Processing of correction of the laboratory data of the soil deformation module Scientific field: Geology, Scientific Direction: Engineering Geology	Prof. G Chokhonelidze	AAcad. Doct. Z. Kakulia
