Get to know Elsevier solutions webinar series for Georgia

Let us kindly invite you to join a series of webinars that will help you understand workflow of our solutions, for a professional use in your work. We hope that this initiative will be beneficial especially during the COVID19 outbreak, when our live presence is not possible onsite. To increase its reach, it is welcome that you pass this message further to your colleagues and your community, as relevant.

To register for a webinar, click on its title below:
Note: After you land on the webinar webpage, you need to log in or register to the BrighTALK platform. Recordings of the webinars are going to be available at the same link as registration.
