

Erasmus+

Representatives of the Constantine Philosophy University in Nitra at GTU

On 10-14 June 2019, within the frame of Erasmus+ mobility project for training activities, the Vice Dean of the Faculty of Education, Prof. Ivana Turekova and Erasmus+ coordinator of the same Faculty, Assoc. Prof. Peter Barchka from Constantine Philosophy University in Nitra (Slovakia) visited Georgian Technical University.

The aim of their visit was to share European experience in the field of research and the development of technology.

For the purpose of the development of future cooperation between the Universities, they had working meetings with GTU Deputy Rector, Prof. Zurab Gasitashvili as well as at GTU International Relations and Standards Office. At the meetings were identified the ways for further cooperation between these two Universities.

During the mobility stay, guests from the coordinator university visited Zhiuli Shartava Laboratory of Information Technologies, central library. They met with professors of the Faculty of Informatics and Control Systems, as well as the students who are going to University of Constantine Philosophy in Nitra, in the frame of Erasmus+ students mobility program.
